***Sidewalks:** Builder is responsible for the installation of sidewalks per developer's construction plan.

***Trees:** A tree is required to be planted in the front yard per the landscaping plan. Check with the developer on size and species of the tree. Species vary throughout the development.

***Landscaping:** A landscaping plan must be submitted to the developer prior to installation for approval.

***Irrigation:** Per the restrictions, irrigation must be installed on each lot.

I agree that the above is correct to the best of my knowledge. I also agree to follow all neighborhood restrictions.
